DUNITRY Yugoslavia Tito's Political Aims DATE DISTR. 23 June 1955 NO. OF PAGES 2 REQUIREMENT NO. RD REFERENCES This is UNEVALUATED information The following report, though outdated, may be of interest for background use. 1. During the last week in April and the first week in May 1955, Valkov, the Soviet Ambassador in Belgrade, was received by Tito three times. After Valkov's last visit, Kardelj told high-ranking Party functionaries that Tito would soon surprise the world with sensational news. Kardelj also said that Yugoslavia will at last play the international role due to her. By playing off the West on the East, she will secure a prominent position among world powers. 2. The following conclusions were drawn from talks with high-ranking Yugoslava Party functionaries: a. Tito will try to obtain maximum concessions from the Soviets. He needs economic help because the extent of the Western financial help has decreased. b. Tito will try to revive his old Balkan plans and propose to the Soviets a Yugoslav-Bulgarian federation. In this way he may try to forestall a Soviet offer to Join the Warsaw pact. c. If Tito succeeds in realizing his plan for a Yugoslav-Bulgarian federation, this does not mean a lost battle for the West. The drawback of closer ties between Tugoslavia and the Eastern Bloc would be more than compensated by a loosening of the inner structure of the Soviets Extellites. Titoism may very well become a factor designed to reduce the one-sided dependence of the Eastern Bloc countries on Moscow. S-E-C-R-E-T 25X1			S_R_C_R_R_T
